

## MONARK | Lamp

The MONARK lamp is the work of young designer Léon De Coninck who wanted to create a timeless lighting fixture. It is a unique technical innovation in that the light switch forms an integral part of the design. Simply pulling on the fabric covered cord not only lights up the lamp but also allows for the lighting intensity to be adjusted!

ref. LP-2110-B0002-LT

## BROSSIER SADERNE

### STRUCTURE

Polished varnished brass  
 Polished varnished brass, opal glass  
 and natural concrete base  
 Glass Ø150

### ELECTRICAL EQUIPMENT

Integrated LED - 3000 K / 542Lm - 5,5  
 W  
 3 - IP20  
 With switch-cord - Integrated  
 dimmer

### DIMENSIONS IN MM

Height : 678  
 Diameter : 170
